

Mai Trương Trọng Minh Trí

Frontend Developer

☎ 0889 012 927 ✉ tridev27605@gmail.com 📍 Thuận An, Bình Dương

OBJECTIVE

I am a Front End Developer with a solid foundation in HTML, CSS, Javascript and modern frameworks like Reactjs and Nextjs. I continuously improve my overall abilities skills to build high-performance web applications and user-friendly interfaces.

SKILLS

Frontend (Reactjs)	Understand basic React concepts such as hooks, state, lifecycle methods, Have good thinking about state management. Have experience using ReactJS and NextJS.
HTML5 & CSS3	In-depth knowledge of HTML5 and CSS3 for creating responsive and accessible web designs. Experience with CSS preprocessors like SASS. Have solid knowledge of CSS, including flexbox, grid. Experience using Tailwind CSS, Bootstrap.
JavaScript (ES6+), TypeScript	Strong understanding of modern JavaScript features, including closures, ES6 syntax, async/await, and promises. Master the syntax of declaring variables and functions. Proficient in object operations and array methods. Proficient in using Rest and spread operator. Understand asynchronous processing and Promises.
Backend (Node)	Understanding of REST APIs. Perform basic operations with database systems such as NoSQL (MongoDB Atlas). Have basic knowledge of using Nodejs, Expressjs.
Database (MongoDB Atlas)	Apply the MVC model to interact with the database to master basic behaviors such as CRUD.
Version Control Systems	Proficient in using Git for version control, familiar with branching, merging, and pull requests.
Soft Skills	Adaptability & Accountability, Professional Development, Problem-Solving Abilities, Teamwork & Collaboration Abilities, ability to communicate in English.
